

Enterprise IT Security Policy

Password Requirements

Passwords must contain at least 12 characters including uppercase letters, lowercase letters, numbers, and special characters.

Multi-Factor Authentication

MFA is mandatory for all company accounts.

VPN Access

Employees working remotely must connect using the company VPN.

Software Installation

Employees may not install unauthorized software on company laptops.

USB Devices

Personal USB devices are prohibited unless approved by the IT department.

Incident Reporting

Any suspected cyber attack must be reported to the Security Operations Center within one hour.

Device Encryption

All laptops must use BitLocker encryption.

Antivirus

Windows Defender and CrowdStrike protection must remain enabled at all times.
